

# AQUASAVE™ WATER TREATMENT SYSTEMS

The AquaSave™ Water Treatment Systems provide better water quality and use less water. Custom engineered solutions from GED and Kinetico®.

## NO MORE TANK EXCHANGE

Eliminate the hassle and cost of tank trade-in programs. Own your system instead of “renting”. Control your costs and water quality.

### FEATURES

- ▶ Full RO systems or modular zero-use systems available
- ▶ Filters water well beyond glass company recommendations
- ▶ Patented filter media materials
- ▶ Calibrated backwash and tank replacement alarms
- ▶ Custom engineered for GED glass washers
- ▶ Rugged palletized storage stand

### BENEFITS

- ▶ Systems to fit your exact requirements
- ▶ Increase unit quality and sealant integrity
- ▶ Increase water quality and reduce usage by up to 90%
- ▶ Easy maintenance and long lasting filters
- ▶ Seamless integration with GED glass washers
- ▶ Increase organization and safety

GIVING YOU GREATER CONTROL THAN EVER BEFORE.
