

CONTOURGRID™ MUNTIN SYSTEM

The ContourGrid Muntin System consistently turns flat, pre-painted, coiled aluminum into custom punched, formed, cut and shape-routed contour muntins

PATENTED JOINER SYSTEM

Innovative design gives you clean crisp intersections, reduced scratches and fast assembly for a better looking unit.

FEATURES

- ▶ On-demand integrated manufacturing of exact size muntin assemblies, 1000 per shift
- ▶ Fully integrated software system
- ▶ Simplistic assembly design
- ▶ Patented hidden joiner system and fish mouth router design
- ▶ Two Tone material available
- ▶ LeanNet®/WinIG® compatible

BENEFITS

- ▶ Eliminates waste, shortens lead times and improves product quality
- ▶ Exactly matches muntins with cut glass and spacer sizes to reduce work in process
- ▶ Dramatically reduces manpower requirements within your muntin department
- ▶ Eliminates scratching and cleaning while providing a great looking final product
- ▶ Differentiates your windows, multiple color pattern combinations
- ▶ Complete factory floor integration for one piece flow, remake and diagnostic information

GIVING YOU GREATER CONTROL THAN EVER BEFORE.
